GENEBRE

Tenemos una visión común que es el faro que guía nuestro rumbo: cuidar del agua, el recurso natural más valioso y esencial para la vida. Lo hacemos con las soluciones que aportamos hoy en día y también con las que descubriremos en el futuro.

We have a common vision which is our guiding light: taking care of water, the most valuable and essential natural resource for life. We do this with the solutions we provide today and also with those we will discover in the future.

Cuidamos del agua desde el origen hasta el retorno al medio a través de una amplia gama de productos para cada fase

We take care of water from origin to return to source through a wide range of products for each phase

En Genebre Group completamos el ciclo del agua pensando en las personas y el planeta. Porque cuando llega a nuestros hogares, espacios públicos o privados, aplicamos soluciones para optimizar y ahorrar tanto agua como energía. Siempre pensando en conseguir máxima eficiencia, calidad y confort.

At Genebre Group, we complete the water cycle with people and the planet in mind. Because when it reaches our homes, public or private spaces, we apply solutions to optimize and save both water and energy. Always thinking about achieving maximum efficiency, quality and comfort.

BIENESTAR, DISEÑO Y OPTIMIZACIÓN.

Máxima funcionalidad, espíritu sostenible.
Diseñamos sistemas, soluciones y diversidad de productos que promueven el bienestar de las personas desde la eficiencia y la optimización tanto del agua como de la energía.

WELL-BEING, DESIGN AND OPTIMIZATION.

Maximum functionality, sustainable spirit.
We design systems, solutions and product diversity that promote people's well-being based on efficiency and optimization of both water and energy.

Feel the water

A close-up photograph of a hand splashing water against a black background. The water is captured in mid-air, creating a dynamic, crystalline splash of droplets and bubbles. The hand is visible on the right side, with fingers slightly curled as if just released the water. The lighting highlights the texture and movement of the water, creating a sense of freshness and tactile sensation.

El agua es vida. Sólo con verla y oírla, aumenta el flujo sanguíneo en el cerebro y el corazón, y nos relaja.

En Genebre sabemos la gran variedad de beneficios que sólo el agua puede ofrecer. Por eso seguimos mejorando continuamente nuestros productos para que tu experiencia con el agua sea cada día mejor. Esa es nuestra razón de ser y lo que en realidad mejor sabemos hacer.

Water is life. Just seeing and hearing it increases the blood flow in the brain and heart, and relaxes us.

At Genebre, we know the great variety of benefits that only water can offer. That's why we continue improving our products so that your experience with water is better every day. That is our reason for being and what we really know best how to do.

GENEBRE

Feel the quality

En Genebre podríamos hablarte de los rigurosos exámenes que organismos de certificación independientes han realizado a todos nuestros productos (laboratorios ENAC, laboratorio Oliver Rodés, WRAS, ACS).

También podríamos aburrirte enumerando las complejas normativas que cumple nuestra empresa (la ISO 9001, la ISO 14001) o nuestros productos (la UNE-EN 19703, la EN 1982, la CW617N, la EN 12165, la ISO 9227, la EN 200, la NF 077, la EN1717, ...).

O maravillarte con las numerosas pruebas de resistencia a las que sometemos a nuestros productos antes de que salgan al mercado (discos cerámicos capaces de resistir más de 200.000 maniobras, giro de los caños que después de más de 80.000 accionados siguen como el primer día, cromados resistentes a la corrosión, plásticos anticálcareos, el latón y sus aleaciones, etc...).

Pero por encima de todo, queremos hablarte de nuestro compromiso con la calidad y la salud, del ahorro de agua y energía o de la garantía y la asistencia técnica con la que nos encontrarás siempre a tu lado.

Homologación CE (cuando es requerido) y otras específicas para mercados como Bielorrusia, Chile, Polonia, Rusia, México, Ucrania, Singapur y Arabia Saudí.

GENEBRE es miembro de Agrival, Asociación nacional de fabricantes de grifería y valvulería.

At Genebre we could tell you about the rigorous examinations that independent certification institutions have carried out on our products (ENAC laboratories, Oliver Rodés laboratory, WRAS, ACS).

We could also bore you just by listing the large list of regulations that our company complies with (ISO 9001, ISO 14001) or our products (UNE-EN 19703, EN 1982, CW617N, EN 12165, ISO 9227, EN 200, NF 077, EN1717, ...).

Or marvel you with the numerous resistance tests that we always undergo internally to our products before they are launched on the market (ceramic discs capable of withstanding more than 200,000 maneuvers, turning of the pipes that after more than 80,000 actuation continue as the first day, corrosion-resistant chrome plating, anti-limescale plastics, brass and its alloys, etc ...

But above all, we want to talk to you about our commitment to quality and health, saving water and energy or the guarantee and technical assistance with which you will always find us by your side.

EC homologation (when required) and other specific certifications for markets in Belarus, Chile, Poland, Russia, Mexico, Ukraine, Singapore and Saudi Arabia.

GENEBRE is a member of Agrival, the national association of taps and valve manufacturers.

Grifería diseñada para edificios sostenibles

En GENE BRE desarrollamos productos pensados para mejorar el nivel de sostenibilidad de edificios y el confort de las personas, para que arquitectos, ingenieros y, en general, cualquier profesional de la construcción, puedan desarrollar sus proyectos de edificios sostenibles, saludables, respetuosos con el medio ambiente y que cumplan con la normativa vigente.

Taps designed for sustainable buildings

At GENE BRE we develop products that improve the level of sustainability of buildings and the comfort of people, so that architects, engineers and, in general, any construction professional, can develop their projects of sustainable, healthy, environmentally friendly buildings and that comply with current regulations.

La grifería GENE BRE ayuda a cumplir y mejorar las certificaciones:

GENE BRE taps help to comply and improve the certifications:

Certificación LEED (America) para la eficiencia con el consumo de agua, limitando el consumo máximo de litros por minuto o de litros por uso en el caso de temporizados.

LEED certification (America) for efficiency with water consumption, limiting the maximum consumption of liters per minute or liters per use in the case of timer.

Certificación DGNB (Alemania) para la evaluación y certificación de la sostenibilidad, que contempla aspectos medioambientales, económicos y socio-culturales de los edificios.

DGNB certification (Germany) for the evaluation and certification of sustainability, which considers environmental, economic and socio-cultural aspects of buildings.

Certificación BREEAM (Inglaterra) para la evaluación y certificación de la sostenibilidad en la edificación que actualmente ya cuenta con 600.000 edificios certificados en más de 90 países.

BREEAM certification (England) for the evaluation and certification of sustainability in buildings, which currently has 600,000 certified buildings in more than 90 countries.

La Certificación Edificio Sustentable (CES, Chile) para incentivar el diseño y la construcción de edificios con criterios de sustentabilidad y estimular el mercado para que valore este tipo de edificaciones.

The Sustainable Building Certification (CES, Chile) to encourage the design and construction of buildings with sustainability criteria and stimulate the market to value this type of buildings.

Certificación WELL sistema de puntuación dinámico para edificios y comunidades que permite identificar, medir y monitorizar las características de los espacios construidos que impactan en la salud y el bienestar de los ocupantes.

WELL certification, a dynamic scoring system for buildings and communities that allows to identify, measure and monitor the characteristics of the built spaces that impact on the health and well-being of the occupants

Certificación de Sustentabilidad (CS, Argentina) para dar visibilidad a las acciones relacionadas con el cuidado del Medio Ambiente y la Responsabilidad Social Empresarial.

Sustainability Certification (CS, Argentina) to give visibility to actions related to caring for the Environment and Corporate Social Responsibility.

Certificación Verde España: sistema de evaluación y certificación de la sostenibilidad. Un evaluador acreditado realiza la evaluación con la herramienta VERDE como paso previo a la certificación del edificio.

Green Spain Certification: sustainability evaluation and certification system. An accredited evaluator performs the evaluation with the GREEN tool as a preliminary step to the certification of the building.

Porque un edificio sostenible es el que funciona bien hoy y en el futuro.

Because a sustainable building is one that works well today and in the future.

Si tienes dudas o consultas, ponte en contacto con nuestro Departamento de Proyectos donde analizaremos tu caso en concreto y te ofreceremos un asesoramiento personalizado.

If you have questions or queries, get in touch with our Projects Department where we will analyze your specific case and offer you personalized advice.

GENEBRE

Más opciones ecológicas

More green options

Presentamos los sistemas que incorporan las diferentes griferías de GENE BRE para ahorrar en el gasto de agua y energía. Novedades diseñadas especialmente para facilitar el uso y, a su vez, hacerlo más seguro y medioambientalmente sostenible.

Promoviendo la sensibilidad y el respeto por el medioambiente

GENEBRE es una compañía comprometida con el medioambiente. Su visión de un futuro sostenible y una filosofía enfocada en proteger el agua y los fluidos le permiten mejorar, investigar, desarrollar y crear conceptos innovadores a partir de las tecnologías más punteras. De manera que aplica siempre criterios que transmitan valores ecológicos en todos sus productos y a la vez que satisfagan las necesidades de funcionalidad, confort y diseño de los usuarios.

GENEBRE ha colaborado en el programa de I+D NUESVAL. Un estudio coordinado por el Centro Tecnológico de Manresa cuyo objetivo es desarrollar nuevas aleaciones de latón para válvulas de conducción de fluidos en condiciones ambientales de alta temperatura. Un modelo de proyecto basado en la innovación, en el que GENE BRE ha depositado su compromiso empresarial, con el fin de desarrollar tipos específicos de válvulas destinadas tanto a instalaciones domésticas como industriales..

The following user-friendly systems include the different GENE BRE taps that make for safer and more environmentally sustainable use, leading to financial savings in water expenditure and/or domestic energy.

Promoting respect for the environment

GENEBRE is a company committed to the environment. Its vision of a sustainable future and a philosophy focused on protecting water and fluids allow it to improve, research, develop and create innovative concepts using the most advanced technologies. GENE BRE always applies the same criteria which transmits ecological values in all of its products, and at the same time satisfies the users' needs of functionality, comfort, and design.

GENEBRE has collaborated el programa de I+D NUESVAL, a study coordinated by the Centro Tecnológico de Manresa, whose objective is to develop new brass and bronze alloy for valves. It is a project model based on innovation, in which GENE BRE reinforces its commitment to developing specific types of valves for domestic as well as industrial installations.

Tecnología Technology

Presentamos los sistemas que incorporan las diferentes griferías de GENE BRE para ahorrar en el gasto de agua y energía.

Novedades diseñadas especialmente para facilitar el uso y, a su vez, hacerlo más seguro y medioambientalmente sostenible.

The following user-friendly systems include the different GENE BRE taps that make for safer and more environmentally sustainable use, leading to financial savings in water expenditure and/or domestic energy.

GE-ECO

- **Economizador de agua.**
- **Ahorro de energía.**
- *Water economizer.*
- *Energy saving.*

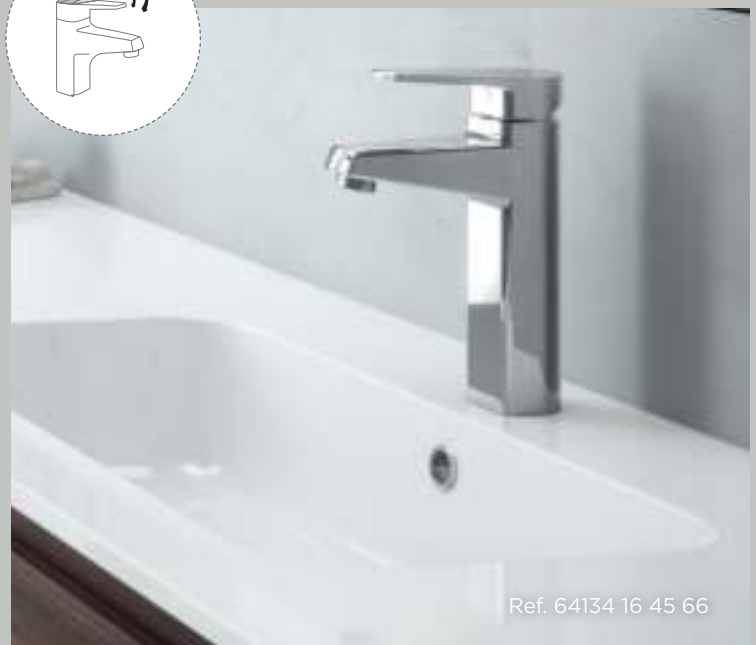

GE-2P

Apertura del grifo en dos posiciones:

- Primera posición: **ahorro del 50% de agua.**
- Segunda posición: pleno caudal.

Two-position opening of the tap:

- First position: **supplies 50% less water.**
- Second position: full flow.

Innovo

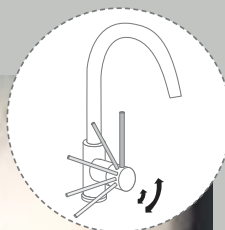

GE-COLD START

- **Gran ahorro energético:**

Descubre todos los nuevos productos con tecnología GE-COLD START, podrás identificarlo con el icono superior en cada producto.

- **Great deal of energy:**

prevents boiler, heater or electric boiler from being activated unduly.

Ref. 65219 18 45 66

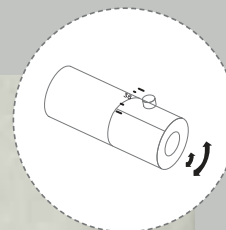

GE-SAFE

- **Prevención ante quemaduras:**

limita a 38°C el caudal de agua caliente, y asegura el corte de agua para evitar quemaduras en caso de fallo del suministro de agua fría.

- **Prevention against burns:**

limits and ensures hot water cuts off at a maximum temperature of 38°C, avoiding burns in the event of a cut in the cold-water supply.

Medidas

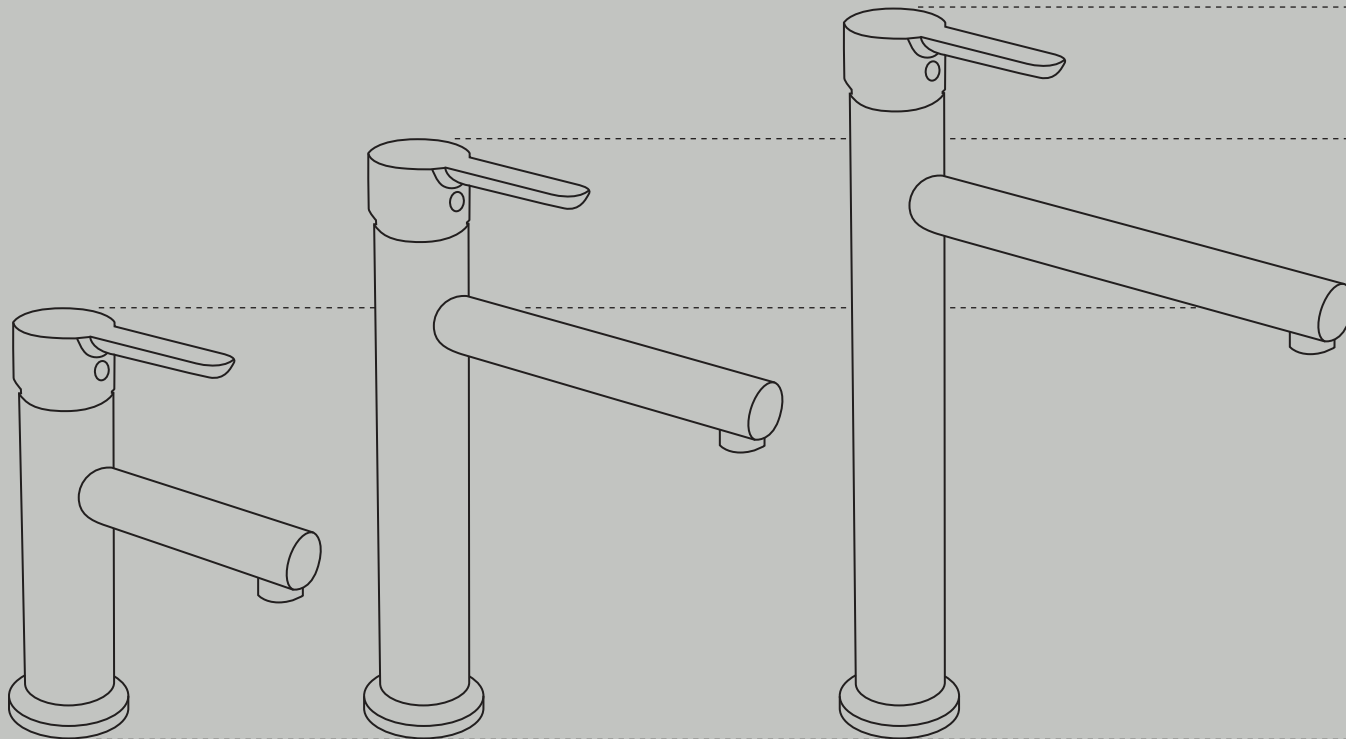

Measures

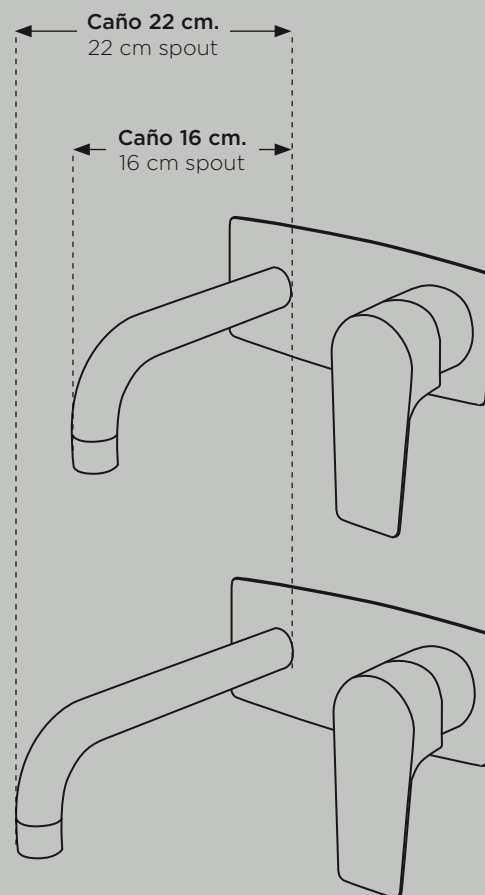

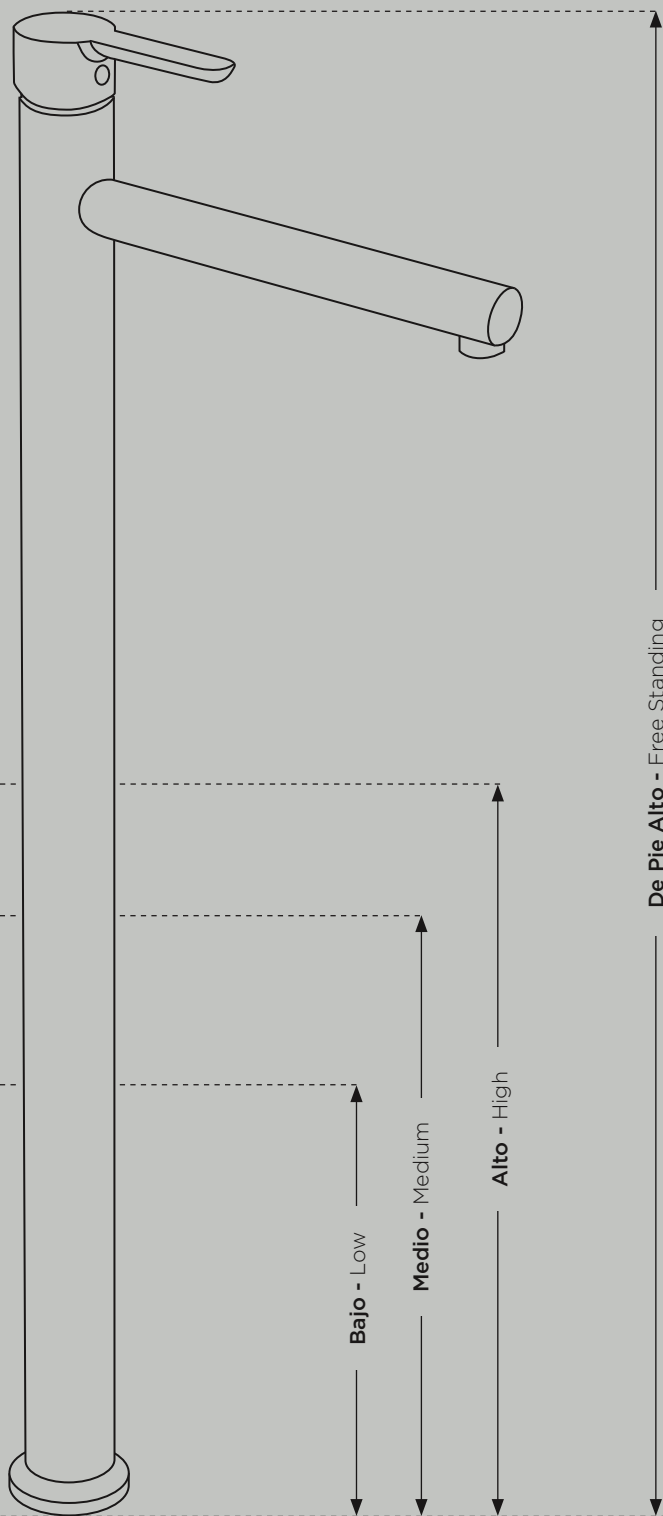

Porque cada baño es distinto y personal, en Genebre ponemos a tu disposición diferentes alturas en todos nuestros grifos de las colecciones Kode, Oslo, Tau, Tau2, Koral, Klip, Klip2, Kelogic, Kenjo y K8, fabricadas siempre de una sola pieza, aportando un plus de diseño y robustez.

Tú eliges. La altura convencional de toda la vida para lavarse las manos, o una altura media, alta, empotrada o de pie con los que también podrás llenar recipientes, lavarte el pelo o darle a tu baño ese toque de diseño que estabas buscando.

Because each bathroom is different and personal, at Genebre we offer you different heights in all our taps from the Kode, Oslo, Tau, Tau2, Koral, Klip, Klip2, Kelogic, Kenjo and K8 collections, all of them manufactured in one piece providing a plus of design and robustness.

It's your choice. The conventional height to wash your hands, or a medium, high, recessed or standing height with which you can also fill containers, wash your hair or give your bathroom that touch of design that you were looking for.

Genebre: soluciones a medida y máximo confort para cada lavabo, ya sea empotrado, sobre encimera, normal o tipo bol.

Genebre: tailor-made solutions and maximum comfort for each washbasin, whether built-in, countertop, normal or bowl-type.

Tau

Espacios con carácter / Spaces with character

Bella y seductora, la serie Tau transforma la cocina y el baño en espacios con estilo. Concebida a partir de un concepto de líneas cilíndricas y curvas estilizadas que realzan su silueta, cuenta con una gran gama de versiones que permiten adaptarla a todos los ambientes.

Beautiful and seductive, the Tau series transforms the kitchen and bathroom into spaces with style. Conceived from cylindrical lines and stylized curves that highlight its silhouette, there is a large variety that adapts to all types of ambiances.

Tau 2

Mezcla de formas / Mixture of forms

Una colección con mucha personalidad que se sumerge en el contraste de las formas. El caño cilíndrico que proviene de la serie TAU convive con una maneta de formas totalmente rectas. Una fusión que aporta a esta colección un aire más actual.

A collection with a lot of personality is immersed in the contrast of forms. The cylindric spout that comes from the TAU series co-exists with a handle with totally straight lines. A fusion that contributes an air of modernity to the collection.

Kenjo

**Creada para sentir el placer del agua.
Created to feel the pleasure of water.**

Diseño de gran belleza minimalista, con cuidadas formas rectas y una minuciosa atención a los detalles la convierten en una gama muy especial. Elegante y sobria, pero a la vez espectacular. La salida del agua es libre o tipo cascada que proporciona un chorro limpio y natural para disfrutar de momentos de intenso placer.

A design with great minimalist beauty, careful straight lines, and a meticulous attention to detail make it a very special range. Elegant and simple, yet spectacular at the same time. The water outlet is free or waterfall-style and gives a clean and natural stream to enjoy the pleasures of water.

New Regent Classic

Glamour vintage / Vintage glamour

La serie New Regent Classic readapta el estilo más clásico, y a veces de elegancia barroca, a los baños y cocinas de hoy. Un excelente y refinado maridaje de calidad, glamour y estilo vintage que nos transporta a épocas lejanas. Disponibles en acabados cromo o bronce.

The New Regent Classic series readapts a most classic style, almost barroque in elegance, to the bathrooms and kitchens of today. An excellent and refined blend of quality, glamour and vintage style that transports us to ancient times. Available in chrome and bronze finidhes..

Las series Kalo, Kross e Ixo nacen de la combinación de diferentes componentes: cuerpos, caños y volantes.
Busque la combinación que mejor se adapte a su baño. Puede pedirla utilizando la referencia del catálogo (conjunto)
o bien por referencia de cada uno de los componentes (ver información técnica en la página 264).

The series Kalo, Kross and Ixo are born from the combination of different components: bodies, pipes and handles.
Look for the combination that best suits your bathroom. You can order it using the set reference or by components reference
(see technical information on page 264).

Grifería empotrada para ducha con sistema GEBOX

Built-in shower taps with GEBOX system

Con el sistema GEBOX de Genebre, ahora la instalación de grifería empotrada para ducha resulta más sencilla, ágil y segura. Gracias a su sistema premontado de cuerpo preinstalado en caja permite una instalación rápida y sencilla. Disponible tanto para monomandos de una vía, como también para monomandos de dos o tres vías. Además, cuenta con un gran abanico de acabados, lo que le otorga gran versatilidad al sistema modular para grifería empotrada, que permite combinar elementos para que se adapten perfectamente a cualquier espacio de baño.

With the GEBOX system from Genebre, the installation of built-in shower taps is now easier, more agile and safer. Thanks to its pre-assembled system with a pre-installed body in a box, it allows for quick and easy installation. Available for both one-way single-lever and also two- or three-way single-lever. In addition, it has a wide range of finishes, which gives great versatility to the modular system for built-in taps, allowing elements to be combined so that they adapt perfectly to any bathroom space.

El agua es vida. Sólo con verla y oírla, aumenta el flujo sanguíneo en el cerebro y el corazón, y nos relaja.

En Genebre sabemos la gran variedad de beneficios que sólo el agua puede ofrecer. Por eso seguimos mejorando continuamente nuestros productos para que tu experiencia con el agua sea cada día mejor. Esa es nuestra razón de ser y lo que en realidad mejor sabemos hacer.

Water is life. Just seeing and hearing it increases the blood flow in the brain and heart, and relaxes us.

At Genebre, we know the great variety of benefits that only water can offer. That's why we continue improving our products so that your experience with water is better every day. That is our reason for being and what we really know best how to do.

Tu manantial de agua pura y sana

Your own source of pure and healthy water

El nuevo sistema de ultrafiltración GENEBRE purifica el agua conservando todos los minerales y propiedades beneficiosas para la salud.

En el proceso de ultrafiltración participan un primer cartucho compuesto de carbón activo de clorador, para el filtrado y retención de olores y sabores, cloro libre, compuestos orgánicos, trihalometanos y DQO. El cartucho verde es de ultra filtración anti bacteriológico con una efectividad superior al 99% la eliminación de E. Coli, bacterias coliformes y aerobios totales.

The new GENEBRE ultrafiltration anti system purifies water conserving all the minerals and properties that are beneficial to your health.

The ultrafiltration process involves a first cartridge composed of dechlorinating active carbon, to filter and retain odours and flavours, free chlorine, organic compounds, trihalomethanes and COD. The green cartridge offers anti-bacteriological ultrafiltration, which is more than 99% effective at eliminating E. coli, coliform and total aerobic bacteria.

Carbón activo de clorador Dechlorinator activated carbon

El filtro azul elimina olores y malos sabores dejando el agua pura.

The blue filter eliminates odours and bad tastes leaving pure water.

Filtración anti bacteriológica Anti-bacteriological filtration

El cartucho verde realiza una ultrafiltración anti bacteriológica con una efectividad superior al 99%, para un agua sana.

The green cartridge performs anti-bacteriological ultrafiltration, with more than 99% effectiveness, for healthy water.

Ahorro de agua y energía

Water and energy saving

Ahora GENE BRE presenta su amplia gama de economizadores, tanto para baño como cocina.

Nuestros conectores con regulador de caudal para ducha y aireadores antical economizadores ideales para grifos, harán que tus instalaciones sean más eficientes en el consumo de agua y energía.

Consumo más sostenible

Gracias al sistema de regulación dinámica, la reducción se produce sea cual sea la presión del agua.

En los aireadores, su mezclado de agua con aire ofrece una gran sensación de confort, a la vez que se reduce el consumo, haciéndolo más eficiente y sostenible. Además, al reducir su caudal, también se ahorra energía en la fase de calentamiento del agua.

Ahorro de agua, hasta 20 litros minuto.
Water saving, up to 20 litres minute

Now GENE BRE presents its wide range of economizers, for both bathroom and kitchen.

Our connectors with flow regulator for showers, and antical economizing aerators ideal for taps, will make your installations more efficient in terms of water and energy consumption.

More sustainable consumption

Thanks to the dynamic regulation system, the reduction occurs whatever the water pressure.

In aerators, mixing water with air offers a great feeling of comfort, while reducing consumption, making it more efficient and sustainable. In addition, by reducing the flow, you also save energy in the water heating phase.

Los economizadores GENE BRE ayudan a conseguir las certificaciones más exigentes.
The GENE BRE economizers help achieve the most demanding certifications.

Las series Kalo, Kross e Ixo nacen de la combinación de diferentes componentes: cuerpos, caños y volantes. Busque la combinación que mejor se adapte a su baño. Puede pedirla utilizando la referencia del catálogo (conjunto) o bien por referencia de cada uno de los componentes. En este apartado podrá identificar fácilmente las referencias de cada componente necesario.

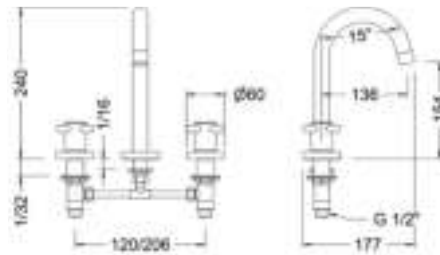

The series Kalo, Kross and Ixo are born from the combination of different components: bodies, pipes and handles. Look for the combination that best suits your bathroom. You can order it using the set reference or by components reference. In this section you can easily identify the references of each required component

Condiciones Generales de Venta

General Sales Conditions

Ver Tarifa de Precios Grifería 2024
See Taps Collection 2024 Price List

PRECIOS: Los precios se entienden en nuestro almacén, siendo los portes, el I.V.A. y acarreo a cargo del comprador, salvo acuerdo previo en contra.

CONDICIONES DE PAGO: En aplicación de la Ley 15/2010 que limita los plazos máximos de pago en las operaciones comerciales, hemos ajustado las condiciones a lo dispuesto en la misma. En caso de diferirse el pago, los gastos de negociación de efectos y/o los intereses legales especificados serán a cargo del comprador. El impago de cualquier efecto o recibo, conllevará la inmediata suspensión de suministros y servicios.

PEDIDOS: Para la tramitación de cualquier suministro será indispensable que el comprador nos remita el pedido por escrito indicando claramente la referencia Genebre, incluidos los dígitos de la medida y también la cantidad deseada respetando las unidades de compra mínima (por caja), tal como especifica Genebre en su catálogo. El importe mínimo del pedido se establece en 50€ para pedidos del Mercado Nacional y de 100€ para pedidos comunitarios. Si existen condicionantes no previstos, Genebre S.A. se reserva el derecho de aceptación o anulación de los pedidos cursados. Cada pedido solicitado a Genebre S.A. genera una expedición para el cliente con su coste de transporte correspondiente; por lo que recomendamos preparen sus pedidos completos una vez al día para optimizar el transporte. Todos los pedidos serán confirmados por Genebre, S.A. vía email/fax. Salvo notificación de lo contrario en las siguientes 2 horas (Mercado Nacional), el pedido confirmado seguirá su curso sin derecho a posteriores reclamaciones.

TARIFAS DE PRECIOS: Genebre S.A. comunicará a sus clientes cualquier cambio que se produzca en las tarifas del catálogo a través de alguna de las vías de comunicación usuales (web, email, correo).

CANCELACIÓN DE PRODUCTOS DE CATÁLOGO:

Genebre, S.A. comunicará a sus clientes cualquier cancelación de productos del catálogo.

ESPECIFICACIONES TÉCNICAS: El catálogo de Genebre, S.A. contiene los requisitos técnicos y normas aplicables a los productos suministrados. Genebre S.A. se reserva la facultad de cambiar en todo o en parte el diseño y materiales de cualquiera de sus productos, debido a la mejora continua de nuestros productos.

EXPEDICIONES: Todo pedido superior a 500 euros en Península se suministran a portes pagados. Para Canarias, Ceuta, Melilla y Andorra, el pedido mínimo será de 1.000 euros. Las mercancías viajan siempre por cuenta y riesgo del comprador, aún en los casos de convenios especiales.

ENTREGA: Los pedidos se suministrarán siempre por cajas completas, según especificaciones de catálogo.

RECLAMACIONES: Las eventuales reclamaciones deberán formularse dentro de los 15 días siguientes al de recepción de la mercancía por el comprador, rechazándose las efectuadas después de dicho plazo límite. NO se aceptará ninguna devolución de material sin aprobación previa de nuestro Departamento Comercial que facilitará un número de boletín de devolución que debe acompañar al material devuelto. Todas las devoluciones serán con los portes a cargo del comprador. Y se realizará un cargo por demérito del 10% del valor de la mercancía para todos los materiales, excepto para las válvulas automatizadas que será del 30%.

GARANTÍA: Queda limitada al reemplazo de las piezas reconocidas como defectuosas de fabricación por el Departamento de Calidad de Genebre S.A.. No admitiremos ninguna reclamación transcurridos 15 días de la recepción de la mercancía por el comprador.

PROPIEDAD DE LA MERCANCÍA: Genebre, S.A. se reserva el derecho de propiedad de la mercancía suministrada, hasta que el comprador no haya satisfecho totalmente el importe de la misma. En el intervalo, se considerará en concepto de depósito y custodia. La mercancía podrá ser retirada por incumplimiento de pago en el plazo previamente estipulado.

LITIGIOS: En caso de litigio, ambas partes aceptan someter sus diferencias a los Juzgados de L'Hospitalet de Llobregat.

PRICES: Prices are considered to be EX WORKS, being the freight and transportation at the cost of the purchaser, unless previous agreement has been reached.

PAYMENT TERMS: We have adjusted the conditions in application of Law 15/2010 which limits the maximum terms of payment in commercial transactions. The maximum delay on payment will be of 60 days after invoice date. Payment term will be as accorded between the parties. In case of unpaid, the expenses and interest occurred will be paid by the purchaser. The unpaid maturity will imply the complete suspension of any service or supply.

ORDERS: Regarding the handling of any supply, it is compulsory for the purchaser to send a written signed and sealed purchasing order indicating clearly Genebre's reference, including measures digits, and also the quantity required subject to obligated minimum units of purchase (boxes), as Genebre's Catalogue specifies. The minimum order amount is set at €50 for National Market orders and 100€ for community orders. In case of unexpected discrepancies, Genebre has the right to accept or cancel the pending orders. Each order required to Genebre, S.A., opens a client expedition with corresponding transports cost, because of that, we recommend to prepare complete orders once a day to improve the transport. All the orders will be confirmed by Genebre by e-mail/fax. Each confirmed order will handled without any right from the purchaser to modify it, unless previous notification before 2 hours (National Market) after confirmation.

PRICE LIST: Genebre will inform the customers about any change in the price list, using some usual communication way (web, e-mail or post).

PRODUCTS WITHDRAWAL FROM CATALOGUE:

Genebre S.A. will inform the customers about any product withdrawal from the catalogue.

TECHNICAL SPECIFICATIONS: Genebres's catalogue holds all the technical requirements and applicable norms about the products.

SHIPMENT: Goods are shipped under the purchaser's own risk, even in special cases.

DELIVERY: Orders will always be shipped according to full boxes, as specified in the catalogue.

CLAIMS: Eventual claims must be done within 15 days after date of reception of the goods by the purchaser. Claims after such period will not be considered. NO devolution will be accepted without the previous approval from our Sales Department, who will issue a devolution certificate that must be enclosed in the devolution goods. All devolutions' freight will be paid by the purchaser. Additionally, an unworthiness debit of 10% of the products' value will be charged, except for the automatic valves that are a 30%.

GUARANTEE: It is limited to defective pieces replacement identified by Genebre's Quality Department. We will not accept any return after 15 days from the date of reception by the purchaser.

PROPERTY OF THE GOODS: Genebre has the property right of the supplied goods, until the purchaser has totally paid its value. In the meantime, it will be considered as deposit and custody. Goods shall be claimed in case of breach of payment terms.

DISPUTES: In case of disputes, both parties agree to solve discrepancies in the Barcelona Court of Justice.
